

ELECTRONIC DEVICE COST REPLACEMENT PLAN FAQ

As part of the District's Digital Learning Program, the District is offering an electronic Device Cost Replacement Plan. This program is self-funded. All money collected through the program will go into a special account that can only be used to replace or repair technology that is covered in the plan. Here are some key components of this program.

What is the cost?

The cost of the plan is based on a flat rate of \$20 per system. This money will be used to create a dedicated pool of funding to replace or repair covered technology. Because this is a self-funded pool, the District may need to adjust the annual cost up or down based upon usage.

What does the plan cover?

The plan is designed to cover accidental breakage including screen breakage. In addition, the plan will protect against spills, fire, flood, natural disasters, and theft/loss.

Do Families have to buy the cost replacement plan?

No. The plan is not mandatory. Students will be allowed to take electronic devices home (when their teachers allows it) whether they have the cost replacement plan or not. As with all school equipment and materials, families will be responsible for the cost of replacing or repairing equipment if they don't purchase the plan and something occurs to the device.

Can I wait to purchase the cost replacement plan?

The plan is available for purchase up to two weeks after devices are issued from your student's school site. Anyone electing to purchase the plan after the issuance of device will be required to present the device with all associated components.

Will the money collected for the cost replacement plan be spent on other projects?

All Money collected in the self-funded pool will be placed in a special account. This account will only be used to replace or repair covered devices. The District will not make money on this program.

Am I financially responsible if the device breaks or is stolen at school?

Yes, parents are financially responsible unless the cost replacement plan has been purchased for the device.

The full replacement cost of the current device standard is identified in the following table:

Device	Replacement Cost Plus Tax
Android Tablet	\$352.22
iPad	\$329.84
iPad Mini	\$416.64
Chromebook (Non-Touch Screen)	\$243.00
Chromebook (Touch Screen)	\$340.20
Laptop (new)	\$1,632.93
Laptop (refurbished)	\$448.20
WiFi HotSpot	\$143.00

Will the plan continue to cover the replacement device?

Yes the plan will continue to cover the replacement device through the end of the school year-- June 30th. The maximum number of replacements will be two (2).

My student is new to the site will we be able to get a device and purchase the cost replacement plan?

Yes, the program your students are participating in requires an issued device, then your student will be issued a device. Parents will have the option to purchase the cost replacement plan.

Summer Check out:

Families have to purchase cost protection prior to the end of the school year if they plan to take the device home during the Summer.
