

Application valid for 2019-2020 school year

Mobile Device Cost Protection Plan

Vista Unified School District has chosen to offer a Mobile Device Cost Protection Plan for school issued mobile devices given to students. The plan will protect the device against ACCIDENTAL DAMAGE, THEFT, FIRE, FLOOD, NATURAL DISASTERS, POWER SURGE and VANDALISM. This plan will provide full replacement cost coverage and will protect the item on and off school grounds. The plan is also transferable to a replacement unit. Device Cost Replacement Plan is valid for the school year (July 1, 2019-June 30, 2020).

Limited Incidents For:		
Accidental Damage (Drops/Spills)	✓	 <p>Cost of Plan: \$20.00</p>
Cracked Screen	✓

Natural Disasters	✓	
Power Surge by Lightning	✓	
Theft/Loss	✓	

Purchase online using a credit or debit card. See link on RBV website.

Purchase in RBV Finance Office. Please make all checks payable to: Vista Unified School District

ELECTRONIC MOBILE DEVICE COST REPLACEMENT PLAN FAQ

As part of the District's Digital Learning Program, the District is offering an electronic **Mobile Device Cost Replacement Plan**. This program is self-funded. All money collected through the program will go into a special account that can only be used to replace or repair technology that is covered in the plan. Here are some key components of this program.

What is the cost?

The cost of the plan is based on a flat rate of \$20 per system. This money will be used to create a dedicated pool of funding to replace or repair covered technology. Because this is a self-funded pool, the District may need to adjust the annual cost up or down based upon usage.

What does the Mobile Device Cost Replacement Plan cover?

The plan is designed to cover accidental breakage including screen breakage. In addition, the plan will protect against spills, fire, flood, natural disasters, and theft/loss.

Do families have to buy the Mobile Device Cost Replacement Plan?

No. The plan is not mandatory. Students will be allowed to check out and take electronic devices home whether they have the cost replacement plan or not. As with all school equipment and materials, families will be responsible for the cost of replacing or repairing equipment if they don't purchase the plan and something occurs to the device.

Can I wait to purchase the Mobile Device Cost Replacement Plan?

The plan is available for purchase up to two weeks after devices are issued from your student's school site. Anyone electing to purchase the plan after the issuance of device will be required to present the device with all associated components.

Will the money collected for the Mobile Device Cost Replacement Plan be spent on other projects?

All money collected in the self-funded pool will be placed in a special account. This account will only be used to replace or repair covered devices. The District will not make money on this program.

Am I financially responsible if the device breaks or is stolen at school?

Yes, parents are financially responsible unless the Mobile Device Cost Replacement Plan has been purchased for the device.

The full replacement cost of the current device standard is identified in the following table:

Device	Replacement Cost Plus Tax
iPad	\$329.84
Chromebook (Non-Touch Screen)	\$243.00
Chromebook (Touch Screen)	\$340.20
Laptop (new)	\$1,632.93
Laptop (refurbished)	\$448.20
WiFi HotSpot	\$143.00

Will the plan continue to cover the replacement device?

Yes the plan will continue to cover the replacement device through the end of the school year--June 30. The maximum number of replacements will be two (2).

My student is new to RBV. Will we be able to get a device and purchase the Mobile Device Cost Replacement Plan?

Yes, RBV students may check out Chromebooks at Registration. Parents will have the option to purchase the Mobile Device Cost Replacement Plan online or at the Finance Office during Registration.

Summer Check out:

Students who choose to keep their Chromebooks over the summer will need to purchase the Mobile Device Cost Replacement Plan prior to the end of the school year (June 28, 2019) to cover their device during the summer.
